

Francisco Jimenez

REACHING OUT

Friday November 14th 7:00 PM
Menlo Park Library - 800 Alma St.

Francisco Jimenez's life from child migrant worker to award-winning author and university professor embodies the transformational hope, opportunity and community contribution that an education can make possible. His story begun in *The Circuit: stories from the life of a migrant child*, and *Breaking Through*, continues in *Reaching Out*-a tender, and honest sequel which describes from a young Francisco's voice the challenges he faced in his efforts to continue his education.

This event will benefit:

The Peninsula College Fund

PCF partners with traditionally under-represented minority students from the Mid-peninsula and particularly East Palo Alto, East Menlo Park and Redwood City, in their quest for a college education and provides them with scholarships, mentoring and summer internships that will help them achieve their short and long-term educational and career goals.

The future of our hometown peninsula will be powerfully changed by our ability as a community to support more success stories like Dr. Jimenez and the lives of the PCF scholarship recipients. Our hope is that our support will then create a future community of givers who want to help others achieve similar goals.
