Subject: Vegetation Management program inquiry for Menlo Park; 580 Cotton St, MP

Ms. Wheeler,

Thank you for calling today about PG&E's Vegetation Program in Menlo Park. Hopefully I was able to answer all of your questions, but if something else comes up, please do not hesitate to give me a call or send an email.

Regarding 580 Cotton St, it appears that our inspectors are normally there in mid to late December. Generally, any necessary tree work would occur 4-6 weeks post inspection.

Please let me know if you feel the trees at this address require our attention sooner, or simply have the customer call in to our 800 number (1-800-PGE-5000) ask discussed.

I look forward to working with you in the future!

Sincerely,

Joel Smith
