Candle Safety

Now with the holidays season approaching, many people celebrate with candles. Candles can be both enjoyable and soothing; however they can often be deadly.

The Burnsville Fire Department offers these tips while using candles:

Place candles on stable furniture in sturdy holders, designed to catch dripping wax.

Never leave a candle unattended.

Keep candles away from anything that can burn.

Do not let children or teens have candles in their bedrooms.

Always extinguish candles carefully when done.

If you have any questions concerning candles, feel free to contact the Burnsville Fire Department at 952-895-4570 or visit our website at www.burnsville.org
