Burnsville Fire -- 952-895-4400

CAUSE OF GRAMERCY II APARTMENTS UNDER INVESTIGATION

The cause of the fire that completely destroyed a Burnsville apartment complex under construction remains under investigation. Due to factors such as the large size of the fire and fire scene alone with the extensive damage, an extended investigation could be possible.

An early morning, December 16, 2004, fire completely destroyed the Gramercy II Apartments, currently under construction at 15001 Burnhaven Drive in the southern region of Burnsville. Fire Investigators are currently interviewing the pertinent subcontractors to narrow their scope of the investigation. As of this date, there is not enough information to form a theory as to the origin and cause of this fire.
